

PREFACE

“Annual Price Report 2011” is brought out by the Directorate of Economics & Statistics, Nagaland, Kohima. Relative study in the movement of retail and wholesale prices of consumer goods, non-consumer goods, building materials and consumer price index (CPI) using base year 1981-82=100 for urban non-manual employee (UNME) are incorporated in this publication. The appended of the bulletin is based on the essential commodities collected from eight (8) centres of the state; such as Kohima, Dimapur, Phek, Mokokchung, Zunheboto, Wokha, Tuensang, and Mon.

The CPI is compiled and estimated for current retail price. CPI measures the relative change of price of a fixed set of goods and services consumed by a defined set of families in a particular area with reference to the base year. It is a useful tool in generating and adjusting real wages and salaries, taxation, price policy, such other economic policies and indicates real income and purchasing power of money.

It is hoped that the publication will be of immense help to the Policy Makers, Planners, Administrators, Economist and Researchers.

Suggestions / comments for the improvement of this publication will be highly appreciated.

Place: Kohima

Dated: 10th April 2012
